

SECOND ANNUAL CONFERENCE OF MIDWESTERN PARASITOLOGISTS

Announcement of meeting and call for papers.

The second Annual Conference of Midwestern Parasitologists will be held Monday and Tuesday, June 19 and 20, 1950, at the University of Michigan, Ann Arbor, Michigan.

The following schedule has been arranged by the chairman and the local committee:

Monday	9 - 11 A.M.	Registration in Rm. 2103 NS* Fee \$.50
	11 A.M.	Business session Rm. 1121 NS
	1 - 5 P.M.	Demonstrations in Rm. 2103 and 2093 NS
	6 P.M.	Hospitality session, Michigan Union
	7 P.M.	Dinner at Michigan Union
		Dr. W. W. Cort will speak on "Trends in Helminthological Research"
Tuesday	9 A.M.	Business session Rm. 1121 NS
	10 A.M.	Visit to School of Public Health
	11 A.M.	Field trip to major local collecting areas. Picnic lunch. Those who wish, may return to Ann Arbor at 1:30. Others will go on to the Base Line Lake Lab. of the Zoology Department and return at 5:30.

Rooms are available in the University Dormitories for \$2.00 single and \$1.50 double per night. Reservations may be made with the accompanying sheet. Ann Arbor is on the New York Central R. R. between Detroit and Chicago and is thirty minutes by bus or bus and taxi from the Willow Run Airport, serving Detroit.

Some may wish to take this opportunity to visit the parasitological laboratories at Michigan State College or the Douglas Lake Biological Station, Hawkins has expressed his willingness to open the MSC Laboratories on Wednesday, June 21 and Dr. Stockard will welcome visitors at Douglas Lake on Thursday and Friday, June 22 and 23. M.S.C. is 60 miles from Ann Arbor, by bus or car. Douglas Lake is 275 miles from Ann Arbor, can be reached by car, bus, plane or night train. Those driving to or through Wisconsin or Minnesota could return from Douglas Lake through the upper peninsula of Michigan, or by ferry across Lake Michigan.

Please let us know of those who might be interested in the conference.

The conference is continuing its policy of informality, with technical papers presented by demonstration only. It should be pointed out however, that some of those presenting progress or research results last June made very effective use of charts, tables, graphs and photographs to give, along with gross and microscopic demonstrations, quite complete presentations. Opportunity for use of films and slides will be provided.

* NS - Natural Sciences Building; $\frac{1}{2}$ block east of State St. on south side of North University.

ANNUAL CONFERENCE OF MIDWESTERN PARASITOLOGISTS

Request for place on the demonstration program and deadline

REPORT OF THE SECRETARY-TREASURER ON THE
~~THIRD~~ ANNUAL CONFERENCE OF MIDWESTERN
Second PARASITOLOGISTS

Ann Arbor, Michigan, June 19 & 20, 1950

Business Session, June 19: The meeting was called to order by Presiding Officer Bangham at 11:07 AM in room 1121, Natural Sciences Building.

The minutes of the meetings of June 20 and 21, 1949, prepared by D. R. Lincicome, were read and approved.

H. J. Van Cleave reported on discussions with the council of the American Society of Parasitologists concerning the status of the Conference. The council's position is that it cannot recognize branches. Since the establishment of branches is not prohibited by the constitution of the ASP, this is taken to mean that the council does not wish to take action.

G. R. LaRue moved that the statement of organization of the Conference adopted June 21, 1949, be approved. Seconded by Porter. Modifications suggested were that certain Canadian provinces and Nebraska and Kansas be specifically included in the area. It was also suggested that the regional organization of the Society of Economic Entomologists and the Society of American Bacteriologists be studied in connection with the relationship of the Conference to the ASP. LaRue's motion was carried.

The Presiding Officer appointed the following committees to report at the June 20 session:

NOMINATIONS: LaRue, chm., Lindquist and Walton

MEETING PLACE for 1951: Dickerman, chm., Camin and Van Cleave

MEMBERSHIP: Levine, chm., Schlueter, Ulmer and Townsend

H. Elishewitz suggested that the Conference might sponsor a clearing house for the area on stock cultures, especially living material for teaching purposes. Levine suggested a committee to investigate the problem. The Presiding Officer appointed a committee, consisting of Elishewitz, chm., Levine and Miss Young, to report at the session of June 20.

The meeting was adjourned at 11:27.

Business Session, June 20: The meeting was called to order by Presiding Officer Bangham at 9:07 AM in room 1121, Natural Sciences.

G. R. LaRue gave the report of the nominating committee, proposing L. O. Nolf for Presiding Officer. There being no further nominations, Van Cleave moved that the nominations be closed and a unanimous ballot be cast for Dr. Nolf. Seconded by Walton and carried.

E. E. Dickerman presented the report of the the committee on meeting place for 1951, stating that R. M. Cable had invited the Conference to Purdue and recommending that we accept. Walton moved acceptance of the invitation. Seconded by Porter and carried.

N. D. Levine reported for the membership committee, moving the addition of Kansas, Nebraska, North and South Dakota, Ontario and Manitoba to the list of states considered in the midwestern area. Seconded by Semrad. After discussion the motion was withdrawn and it was suggested that all state and province names be omitted, leaving the area undefined. No action was taken.

W. W. Cort moved that notices of meetings be sent to all members of the ASP. No action was taken.

H. Elisewitz reported for the special committee on stock cultures, suggesting that after inquiry from pertinent federal agencies concerning regulations on shipping of pathogenic agents all interested institutions be circularized. Van Cleave moved continuation of this committee. Seconded by Lincicome and carried.

A. C. Walton moved a vote of appreciation to the local committee. Seconded by Levine and carried.

The meeting was adjourned at 9:45.

Financial Report

Received:	68 registration fees, at \$.50	\$34.00
	68 dinner tickets, at \$2.00	136.00
	43 picnic tickets, at \$.40	17.40
	Total	<u>187.40</u>

(No charge to the speaker, Dr. Cort, for registration or dinner for himself and Mrs. Cort.)

Paid:	70 dinners, at \$2.06	\$144.20
	Picnic costs, to Miss Dusseas, Van Dyke and Kagan	17.25
	Total	<u>161.45</u>

Received from D. R. Lincicome, June, 1949	18.00
---	-------

Total cash on hand, June 17, 1951	\$44.95
-----------------------------------	---------

Summary of the Conference Sixty-nine persons registered for the conference. Their names are recorded separately in the permanent registration book. There were 34 demonstration papers on the program, which is attached. At the dinner, attended by 70, Dr. Cort talked on the outgrowths of a summer encampment in 1919 on the Illinois River consisting of himself, Drs. LaRue, Ackert and Van Cleave and two non-parasitologists. Drs. LaRue and Van Cleave added their reminiscences and regrets that Dr. Ackert had been unable to attend this conference. Forty-three attended the picnic on Tuesday at Dexter-Huron park after a visit to local collecting areas, especially the Paragonimus area on Fleming Creek. A group of six went on to visit the Zoology camp on Base Line Lake.

Those who attende the Conference expressed the feeling that it was clearly a going concern .
