

APPLICATION FOR HOUSING ACCOMMODATIONS
and
INDICATION OF INTENTION TO ATTEND THE CONFERENCE

Please read the following description of facilities available and then communicate with the appropriate office for the facilities chosen.

1. Women's Lincoln Avenue Residence Hall (not restricted during this conference)
This is a new building located very conveniently near the meeting place (see other page and enclosed map). No towels, washcloths or soap are provided.
Daily Rates: \$2.50 per person. Reservations must be completed before May 31 by writing to:

Dr. Norman D. Levine
Dept. of Veterinary Pathology and Hygiene
University of Illinois
Urbana, Illinois

2. Illini Union Building. Daily Rates: \$5.00 for a single room, \$8.00 for a double room, \$10.50 for three occupying the same room. Reservations must be completed before May 15 by writing to:

Reservations Office
Illini Union
University of Illinois
Urbana, Illinois

Several hotels are also available in Urbana and Champaign.

ACKNOWLEDGMENT OF INTENTION TO ATTEND THE CONFERENCE

It is imperative that the local committee on arrangements (Messrs. Kruideniec and Levine) know in advance the approximate number of individuals planning to attend the conference.

Will you kindly fill out and return the following form if you intend to be present, even if you do not plan to make use of the above housing accommodations.

- A. ~~(I)~~ (We) are planning to attend the Fourth Annual Midwestern Conference of Parasitologists, and to make use of the following housing accommodations:

Women's Residence Hall
 Illini Union
 Private arrangements

- B. If you plan to stay in the Women's Residence Hall, please indicate the kind of reservations desired:

1. Number of reservations _____
2. Will your wife accompany you None
3. Date and approximate time of arrival _____
4. Date of departure _____

- C. How many banquet reservations do you wish 2

Signed: Francis J. Kruideniec

PLEASE RETURN THIS FORM BY MAY 28 TO DR. NORMAN D. LEVINE (ADDRESS LISTED ABOVE).

P r o g r a m o f
THE FOURTH ANNUAL MIDWESTERN CONFERENCE
OF PARASITOLOGISTS

Monday 9 A.M. - 4:30 P.M. Registration - Veterinary Medicine Building,
outside Room 150 (Auditorium).
1 P.M. - 4:30 P.M. Demonstrations - Vet. Med. Bldg., Rooms 168 and 334.
4:30 P.M. Business Session - Room 150 (Auditorium).
6:30 P.M. Dinner - Illini Union Bldg., Room 314.
Dr. A. C. Walton will be speaker.
Tickets available at Registration on Monday.

Tuesday 9 A.M. Business Session - Vet. Med. Bldg., Room 150.
Rest of Morning Panel Discussion, in the same place, on the topic:

Selected Problems in the Teaching of Parasitology

- Dr. William Lindquist . . . Acquired Immunity.
(Mich. St. Coll.)
- Dr. L. O. Nolf . . . Ecological Interrelationships of Hosts and
(Univ. of Iowa) Parasites.
- Dr. Elery R. Becker . . . Adaptations for Maintenance of Parasites in
(Iowa St. Coll.) Hosts.
- Dr. Chester A. Herrick . . . Adaptations for Nutrition of Parasites.
(Univ. of Wisconsin)

.

Listing of Demonstrations in Alphabetical Order of Authors

1. James D. Anthony, University of Michigan: ATRACTOLYTOCESTUS HURONENSIS,
N. Gen., N. SP. (LYTOCESTIDAE: CESTODA).
2. James H. Gilford, University of Illinois: TREMATODES FROM CERTAIN
MIDWESTERN BATS.
3. William H. Headlee, Indiana University (Medical Center): PINWORM INFECTION
IN MAN.
4. Herrick, C. A., W. H. McGibbon, and C. S. Schildt, University of Wisconsin:
NATURAL RESISTANCE OF CHICKENS TO INFECTIONS OF EIMERIA TENELLA.
5. Glenn L. Hoffman, University of North Dakota: TWO POSTHODIPILOSTOMUM
MINIMUM (STRIGEIDA) METACERCARIAE IN ONE CYST.
6. J. Steger Hunt, University of Michigan: A NEW MACROCERCIOUS CERCARIA FROM
PISIDIUM SP.
7. J. Steger Hunt and R. J. Smith, University of Michigan: A NEW MACROCERCIOUS
CERCARIA FROM MUSCULIUM SP.

8. Irving G. Kagan, University of Chicago: THE DEVELOPMENT OF SCHISTOSOMATIUM DOUTHITTI IN THE RHESUS MONKEY.
9. Russell E. Krueger, Abbott Laboratories (North Chicago): A SURVEY OF THE HELMINTH PARASITES OF FISHES OF VAN BUREN LAKE AND ROCKY FORD CREEK.
10. Francis J. Kruidenier, University of Illinois: MUCCOID GLANDS IN BUCEPHALID CERCARIAE.
11. Richard R. Kudo, University of Illinois: MYXOSPORIDIA AND MICROSPORIDIA.
12. Norman D. Levine and Virginia Ivens, University of Illinois: THE EFFECTS OF SOME DETERGENTS ON THE EGGS AND LARVAE OF HORSE STRONGLYES.
13. Robert M. Lewert and Chang-ling Lee, University of Chicago: FURTHER HISTOCHEMICAL STUDIES ON THE EFFECT OF VARIOUS PARASITES ON THE BASEMENT MEMBRANE AND GROUND SUBSTANCE OF HOST TISSUE.
14. M. G. Lysenko and W. M. Meyers, University of Wisconsin: ELECTROPHORETIC STUDY OF SERA OF RATS WITH TRYPANOSOMA LEWISI INFECTION.
15. Ethel McNeil, University of Illinois: HAEMATOOZA OF BIRDS AND MAMMALS.
16. Lawrence H. Monaco, University of Notre Dame: OCCURRENCE OF THREE UTERI IN ASCARIS LUMBRICOIDES VAR. SUUM.
17. Warren F. Morrison, General Biological Supply House (Chicago): MICROSCOPE SLIDES OF PARASITOLOGICAL SUBJECTS.
18. Robert E. Ogren, University of Illinois: PRELIMINARY CONTRIBUTIONS TO THE LIFE CYCLE OF COSMOCERCOIDES (NEMATODA: COSMOCERCIDAE) FOUND IN SLUGS.
19. Ray F. Shumard, University of Wisconsin: SOME EFFECTS OF MINERAL SUPPLEMENT ON LAMBS INFECTED WITH STOMACH WORMS.
20. Lewis J. Stannard, Illinois Natural History Survey (Urbana): AN ECTOPARASITIC NEMATODE (?) OF A COLLEMBOLAN.
21. Martin J. Ulmer, Iowa State College: MESOMPHIX CUPREUS, A NEW SECONDARY INTERMEDIATE HOST FOR BRACHYLAEMUS VIRGINIANA (DICKERSON) KRULL (TREMATODA: BRACHYLAEMIDAE).
22. Harley J. VanCleave and Jean A. Ross, University of Illinois: INTACT PERSISTENT MOUNTS OF LARGE ACANTHOCEPHALA.
23. Helen L. Ward, University of Tennessee: ACANTHOCEPHALA FROM THE SPOTTED SKUNK, SPILOGALE PUTORIUS.
24. Arthur E. Woodhead, University of Michigan: GERM-CELL CYCLE IN TREMATODES, WITH SPECIAL REFERENCE TO SPERMATOGENESIS IN SCHISTOSOMATIUM DOUTHITTI.

*distributed by mail with the
announcement of the 1953 meeting*

University of Illinois (Urbana)
June 16-17, 1952

S U M M A R Y O F

FOURTH ANNUAL MIDWESTERN CONFERENCE OF PARASITOLOGISTS

ATTENDANCE: 93 registrants.

DEMONSTRATIONS: 24 presented between 1 - 4:30 P.M. June 16.

Protozoa - - - 4	Nematoda - - - 6
Trematoda - - 8	Arthropoda - - 0
Cestoda - - - 1	"Helminths" - - 2
Acanthocephala 2	General - - - 1

PANEL DISCUSSION: Between 10:10 A.M. and 12:10 P.M. June 17, on the topic:

Selected Problems in the Teaching of Parasitology

- Dr. William Lindquist Acquired Immunity.
(Mich. St. Coll.)
- Dr. L. O. Nolf Ecological Interrelationships of Hosts
(Univ. of Iowa) and Parasites.
- Dr. Elery R. Becker Adaptations for Maintenance of Parasites in Hosts
(Iowa St. Coll.)
- Dr. Chester A. Herrick. Adaptations for Nutrition of Parasites.
(Univ. of Wisconsin)

BUSINESS MEETINGS:

I. June 16, 4:30 P.M. The Secretary's report of the 1951 conference was accepted for the record. The Treasurer's report was presented orally; a balance of \$57.91 was reported on hand. Dr. Richard Porter, Presiding Officer, announced composition of the following committees, each to report at the next meeting:

Exchange of Cultures of Parasites

Miss Young, Becker, Levine, and Elishewitz (chairman)

Meeting Place

Balanuth, Headlee, and Ulmer (chairman)

Membership

Levine, Mizelle, and Lewert (chairman)

Nominations

Lindquist, Nolf, and Kruidenier (chairman)

Policy

Herrick, Walton, and Porter (chairman)

II. June 17, 9:15 A.M. The following committee reports were presented:

Exchange of Cultures of Parasites (Elishewitz). In all, 46 laboratories have supplied lists of cultures available; these include 43 species of Protozoa, 13 species of other microorganisms, 17 species of helminths, 11 species of molluscs, and 27 species of arthropods. It is proposed to issue a Preliminary List during the coming summer. A compilation has been made of laws and regulations governing the shipment of cultures, and it is planned to submit a manuscript for publication.

Dr. Elishewitz moved that the checklist of cultures be mimeographed and distributed. The motion was seconded by Dr. Van Cleave and passed. Dr. Van Cleave moved a vote of thanks to Dr. Elishewitz for his effort and accomplishment; it was seconded and passed.

Membership (Levine). The mailing list has been expanded by 170 names during the past year. It was suggested that the present list be polled during the coming year to discover who wished to remain on it. Report approved.

Policy (Walton). A short summary of the revision of Statement of Objectives of the group is to be distributed with next year's call for the annual conference. The question has been considered of distributing abstracts of demonstrations to the membership, but hesitancy was expressed about the cost of printing these, as well as the possible effect of deterring demonstrators from submitting partially completed work. Report approved.

Nominations (Kruidenier). A slate was presented consisting of:
Presiding Officer Chester A. Herrick
Secretary-Treasurer . . . William Balamuth
A unanimous ballot was cast.

Meeting Place (Ulmer). Iowa State College (Ames) is proposed as the site of the annual conference for 1953. The State of Iowa has not yet been represented among the college campuses chosen for these conferences. Report approved.

Dr. Nolf moved an expression of appreciation and a vote of thanks for the excellent arrangements at the present conference. Motion approved.

Respectfully submitted,

William Balamuth
Secretary-Treasurer, AMICOP

FOURTH ANNUAL MIDWESTERN CONFERENCE OF PARASITOLOGISTS
University of Illinois, Urbana, Illinois
June 16-17, 1952
