

ANNOUNCEMENT
of the
EIGHTH ANNUAL MIDWESTERN CONFERENCE
of
PARASITOLOGISTS

The eighth Annual Midwestern Conference of Parasitologists is dedicated to the memory of Dr. Chester A. Herrick, one of the group's founders, a wise counselor and an active participant in activities of the group.

The conference will be held on June 11-12, 1956 on the campus of the State University of Iowa at Iowa City. A banquet is planned for the evening of June 11 at the Colony Inn, Ananas. Dr. William Hugh Headlee, Department of Microbiology, University of Indiana, will discuss aspects of his experiences in Thailand. The talk will be accompanied by Kodachrome illustrations.

Registration will be in the northeast lobby of the Memorial Union Building. Research demonstrations will be presented Monday, June 11, from 1-4 p.m. in the Zoology Building. A symposium of parasitological movies selected by the conference will be shown in the Schaubaugh Auditorium. The business meeting will be held at 4 p.m. on Monday, June 11.

Conference costs will be as follows:

Registration fee	\$0.50
Banquet	1.85 (tickets at the time of registration)
Housing, students	1.50 (per diem per individual)
Housing, non-students	2.00 (per diem per individual)

No university housing is available for married couples but a list of acceptable hotels and motels is enclosed.

Meals, other than the banquet, may be secured at the Union, the dormitories, or at local restaurants as desired.

It is requested that contributors prepare 100 duplicated copies of abstracts of each demonstration for interested members of the conference. ✓

Tear here

Please complete and mail before June 1, 1956, to: Dr. L. O. Nolf, Zoology Department,
State University of Iowa, Iowa City, Iowa.

Title of demonstration: _____

Author(s): _____

Institution and address: _____

Facilities needed: linear feet ___; compound ___, oil immersion ___, and ___ dissecting
microscope(s); and _____
other equipment or supplies.

ANNUAL MIDWESTERN CONFERENCE OF PARASITOLOGISTS

8th
conf

Zoology Bldg.
June 11, 1956
1 p.m. to 4 p.m.

DEMONSTRATIONS:

Room 101:

- Coil, W.E., observations on the genera Infula Burt, 1939 and Gyrocoelia Fuhrmann, 1900.
Hoffman, G.L., Histo-pathology of the brain of the brook stickleback following experimental infection with Diplostomum baeri.
Hsu, S.Y. and H.F. Hsu, On the Sexual Abnormalities in the Male Schistosoma japonicum.

Room 104:

- Kruidenier, F.J. and V. Gallicchio, A Survey of Cestodes in Mammals from Grand Canyon National Park, Arizona.
Macdonald, E.M. and J. Allan Scott, Filarial Worms of the Rice Rat (Oryzomys palustris palustris.)
Peters, L.E., Observations of the Excretory System of Skrjabinopsolus manteri (Cable, 1952.)
Ulmer, M.J., Developmental Stages of Cotylaurus flabelliformis tetracotyles.

Room 106:

- Goldberg, E., Observations on the Cytochrome System in Trichinella spiralis.
Jackson, G.J. and R.M. Lewert, Preliminary Observations on the Interaction of Fluorescent Antibody and Trichinella spiralis.
Laurence, K.A., K.D. Burnham and R.A. Rogers, The Removal of the Shell of Ascaris lumbricoides var. suum and its influence on Infectivity in the White Mouse.
Lee, D. and R.M. Lewert, Inhibitors in Human Serum of the Collagenase-like enzyme of Schistosoma mansoni cercariae.
Lewert R.M. and C.A. Gilles, Some notes on the submicroscopic morphology of Plasmodium knowlesi with reference to Nucleic Acid distribution.
Lewert R.M. and G.J. Jackson, Preliminary Observations on the Interaction of Fluorescent Antibody and Plasmodium lophurae.
Marsh, C.L., and G.W. Kelley, Enzymology of Internal Parasites; Partial characterization of an inorganic pyrophosphatase.
Dewhirst, L.W., M.F. Hansen and J. E. Ackert, Relationships Between Nematode Egg Counts and Worm Burden in Kansas Beef Cattle.
Shivnani, G.A., M. F. Hansen and L.W. Dewhirst, Survival of Eggs and Infective larvae of Some Common Nematodes of Beef Cattle on Flint Hill Pasture in Kansas.
Rocha, U. F., M.F. Hansen, J.E. Ackert and C.J. Terhaar, Application of the Ackert
